*The Fundamental Things \**

*"Life is perfect. it is not moving from imperfection to perfection, it is moving from perfection to perfection."~ Osho \*\**

*Everyone's life is a great piece of music, a symphony or a masterpiece of a painting.*

*Life is a symphony*

*Life and everything that it encompasses follows a natural rhythm, like the great symphonies.*

*The general structure of a symphony are:*

- *an opening sonata or allegro which signifies birth, entry..like a seed sprouting. In a concert hall, this is the first piece played after the curtains go up.*
- *a slow movement, such as adagio. In life it signifies growth*

- *a minuet or scherzo with trio signifies maturity*
- *an allegro, rondo or sonata signifies, in music, a recurring theme.*

*Each and every person in our life, plays an instrument and contributes to the perfection of the music.*

*Life is a masterpiece painting in the making.*

*It is not entirely correct that our lives in this body is a white canvas. Every dream we can dream of has already happened in the past, otherwise it won't be in our memory, but the lesson is that now we are given the chance to do it over, with awareness.*

*To live is to experience life fully, precisely, completely. This can only be done moment to moment. No clinging to the past, no longing for the future.*

\* "Without a serene, pure and firm heart, the truth cannot be grasped directly as it is. A brilliant intellect may discourse about it, as to its realization, a disciplined mind is required." in "Essays in Zen Buddhism" by Daisetsu Teitaro Suzuki.

## *Fundamentals of Being in Business*

---

### *Business Ideas: Commitment*

*"Until one is committed, there is hesitancy, the chance to draw back. Concerning all acts of initiative (and creation), there is one elementary truth, the ignorance of which kills countless ideas and splendid plans: that the moment one definitely commits oneself, then Providence moves too. All sorts of things occur to help one that would never otherwise have occurred. A whole stream of events issues from the decision, raising in one's favor all manner of unforeseen incidents and meetings and material assistance, which no man could have dreamed would have come his way. Whatever you can do, or dream you can do, begin it. Boldness has genius, power, and magic in it. Begin it now." \**

#### *Business Perspectives*

##### *Honor Your Uniqueness*

*"One of the most widespread superstitions is that every man has his own special, definite qualities; that a man is kind, cruel, wise, stupid, energetic, apathetic, etc. Men are not like that . . . Men are like rivers; the water is the same in each, and alike in all; but every river is narrow here, is more rapid there, here slower, there broader, now clear, now cold, now dull, now warm. It is the same with men. Every man carries in himself the germs of every human quality and sometimes one manifests itself, sometimes another, and the man often becomes unlike himself—while still remaining the same man." ~ Leo Tolstoy*

*History has taught us that all empires rise and fall. Fortunes change hands overnight, sometimes, within hours. All things and circumstances change. Whatever you do, make your work an extension of yourself, an expression of the creativity within. As long as you are doing what you enjoy most, self fulfillment becomes natural and normal. Remain true to yourself but be prepared to accept, even embrace, change.*
